The Marcy Navarro Collection

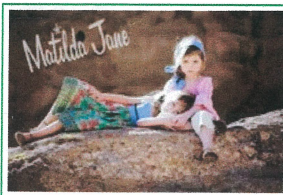

The Marcy Navarro Collection was, not surprisingly, started by Marcy Navarro. Marcy custom designs tees for everyone in the family including the dog! I tend to neglect men on Funky Finds, but this funky designer will custom design tees for men &

boys, as well. Marcy also creates a Nami Charity tee benefiting the National Alliance on Mental Illness. Have a look at the samples included on the site for more ideas.

Matilda Jane Clothing

Matilda Jane Clothing is a very fun & very wearable line designed by talented artist and mom Denise DeMarchis. The recently debuted spring line features colorful, sophisticated and somewhat cheeky pieces that little girls, as well as their mothers, will love. With more than 60

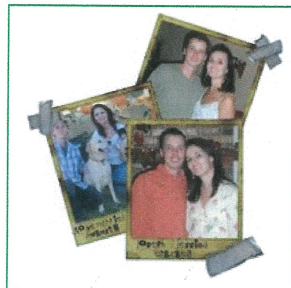

pieces, this line is sure to have something for just about everyone. Denise explains, "I want Matilda Jane clothing to make a little girl smile from ear to ear. I want her to love what she is wearing and be proud of how she looks." This clothing line isn't just for babies and toddlers; it's a great line for older girls too. The designs are cool and funky, yet they still allow little girls to look like little girls. And an added bonus is that they also have fabulous items for women!

Engaged!

I am so happy to announce that Joe (Blog Help 911 and OrbisPages) and I are engaged! We will be married during a small family-only ceremony on August 11th. Then we're off to Las Vegas to celebrate! I felt a bit ridiculous at first to be posting this on Funky Finds. But I have truly become friends with so many of you that it seemed acceptable. Cheers!

Silly Gilly

Australia-based Silly Gilly creates a range of children's accessories, including summer & fleece hats, bloomers, aprons and more. Gillian Ross uses fabrics that have a vintage style, making her products different from those found in everyday shops.
